## Rh2 – Choice of Health Conscious

Cancer Prevention, Blood Sugar Reduction, Anti-Fatigue

## Disorders of Modern Civilization:

- Appalling lifetime cancer risk: 20%~25%
- High prevalence of metabolic syndrome (obesity, lipid disorder, diabetes): ~50%
- Pervasiveness of chronic fatigue and sub-health status in middle-aged population:
  2/3

metabolism to reduce blood lipid level and its cardiovascular complications (heart attack, stroke, etc.) [4, 5]

Increase insulin

sensitivity to help control

blood sugar level

in diabetics [3]

Stimulate lipid

Rh<sub>2</sub>

 Augment cardiac and lung capacity and improve exercise tolerance in a short period of time. [6-7]

細胞

cell

receptor

alucose

葡萄糖

insulin

胰島素

 Activate cells to resist hypoxia, suitable for mountaineering[8]

 Boost anti-oxidation and anti-inflammation and relieve exercise fatigue and muscle injury[9]

Extracted from plants of Araliaceae family, dammarane saponin Rh2 is called herbal gold, and exerts comprehensive pharmacological effects:

 Induce cancer cell apoptosis, help removal of early cancer cells, and lower down cancer risk [1, 2]
